

LOT 31 — Industrial Shredder (NIMETECH)

Ex-Erasteel Vikmanshyttan, Sweden — NIMETECH, 2.2 kW, steel strapping & wire shredding

Hilco Industrial offers this **NIMETECH industrial shredder** from the former Erasteel Vikmanshyttan plant. The compact unit processes steel strapping (up to 32 mm wide × 1.2 mm thick), plastic strapping, and steel wire (up to 5 mm diameter) at a feed rate of 27.5 m/min, cutting to approximately 61.5 mm lengths. Motor 2.2 kW, 3-phase. Machine weight approx. 245 kg.

Make	NIMETECH
Motor power	2.2 kW — 3-phase
Feed rate	27.5 m/min
Feed opening	10 × 40 mm
Cut length	approx. 61.5 mm
Capacity — steel strap	up to 32 mm wide × 1.2 mm thick
Capacity — plastic strap	Yes
Capacity — steel wire	up to Ø 5 mm
Dimensions (L×W×H)	730 × 450 × 530 mm
Machine weight	approx. 245 kg

Industrial shredder (NIMETECH), Erasteel Vikmanshyttan

What it does

A compact industrial shredder for disposal of steel strapping, plastic strapping, and steel wire generated in a steel production environment. Processes material at 27.5 m/min, cutting to ~61.5 mm lengths for easy waste handling and recycling.

Suitable applications

Strapping and wire waste management in steel strip production, coil handling, and warehouse operations. Handles the full range of packaging waste from coil and bundle strapping operations.

Investment case

Compact, self-contained industrial shredder — offered at a fraction of comparable new equipment cost. Immediate availability for any facility requiring strapping and wire waste reduction.

Inspection available. Contact Hilco Industrial for site access. Full technical documentation, drawings and specifications are made available to qualified prospects under NDA.

Scope and condition. Equipment is offered on an as-is, where-is basis. Full inclusions and exclusions schedule, equipment drawings, and technical specifications are made available under NDA. Inspection of the site in Vikmanshyttan, Sweden, can be arranged for qualified prospects.
